

OUR BEST PRODUCT

# 4H 手動閥

## Hand-pull Valves

HIGH QUALITY SERVICE

# 4HV 手動閥

## Manual Valves

4H

4HV

### 性能特點

- 全新加工工藝，閥體內孔粗糙度提升
- 手柄座採用高強度塑料，美化其外觀
- 採用德國進口高標特種潤滑脂，有效形成保護膜，降低磨損
- 閥芯採用日本進口密封件，增加其使用壽命

### FEATURES

- The new processing technology improves the roughness of the hole in the valve body.
- The handle base is made of high-strength plastic to beautify its appearance.
- The use of high-standard special grease imported from Germany can effectively form a protective film and reduce wear.
- The valve core adopts Japanese imported seals to increase its service life.
